I have recently undergone implant treatment with Robin using lasers and guided surgery. Having had implants previously by comparison, I have to say this technique is fantastic- no discomfort during or after and it was all completed much faster.

DENTAL PRACTICE

Welcome to Wayside Dental. We are fully private, fully independent and have been here since 1938. We are led by owner and principal dentist, Robin Horton whose passion for excellent, comfortable, modern and caring dentistry runs through every aspect of our practice.

TREATMENTS

We look after all your dental and hygiene needs, from general dentistry to complex implant treatments. All our clinicians use dental lasers so we can provide comfortable, effective and minimally invasive treatment with faster healing.

FEES

We will always let you know the cost of your care and a plan will be provided for any treatment. Our fee list is on our website and at reception. We have dental and hygiene plans to allow you to spread the cost of your routine dental care. For payment we accept cash, cheques and most credit and debit cards.

EMERGENCY COVER

We are always on hand to see you if you have a problem. If you have an out of hours dental emergency, please phone the practice and follow the instructions on the answer phone to be put through to one of our dentists. A charge will be made for out of hours emergency appointments, unless you are a member of one of our dental plans.

PARKING

There are usually unrestricted parking spaces available in Douglas Road and Moreton End Lane. There is a pay and display car park in Sun Lane which is a short walk away. For cyclists, we have a bike rack by the entrance to the practice.
